The following reports on activities for the period shown:

**Current Situation**
- Lake County General Health District (LCGHD) is currently managing 44 COVID-19 cases.
- An 84 year-old man passed away at a Lake County hospital on March 30, 2020, marking Lake County’s second death related to COVID-19.

**Critical Issue(s)**
- LCGHD does not have medical/other supplies for distribution.

**Health District Updates**
- Ron Graham met with Lake County mayors and city managers, and Hispanos Organizados de Lake y Ashtabula regarding COVID-19 issues. He also met with Lake Health, Lake County Emergency Management Agency (LCEMA), and Lake County Commissioners regarding hospital surge capacity.
- LCGHD has received over 400 complaints to date regarding local business compliance to the Stay At Home Order.
- Approximately 50% of calls to LCGHD are complaints from customers about businesses that are not adhering to requirements of the Stay At Home Order (social distancing, cleaning, etc.). LCGHD recommends that businesses that are frequented by the public provide curbside service to protect both their employees and the public.
- LCGHD forwarded a media inquiry from NewsChannel 5 to LCEMA.
- LCGHD is responding to a request from Lake County Council of Aging for an article on COVID-19 to be published in The Bridge.
- LCGHD responded to a media request from the News Herald.

Governor DeWine’s press conference of March 30, 2020 relayed the following information:
- Jobs Ohio is providing a $2 million growth fund loan to Appalachian Growth Capital.
- It is an obligation of essential stores, as well as customers, to maintain social distancing. It is an obligation of essential stores to keep separate, distinct hours for vulnerable populations.
- Ohio Environmental Protection Agency signed a statewide order to maintain public water service during the COVID-19 State of Emergency that prevents a water system from shutting off someone’s water service due to non-payment.
- Ohio Department of Health is issuing an order to keep track of where ventilators are, and how many we have. Other devices to be reported are C-PAP and B-PAP machines, anesthetic machines, various...
treatment masks, and tubing. Inventory will be reported online at coronavirus.ohio.gov/VentInventory.

- Battelle and Ohio State University Wexner Medical Center have jointly developed a new, rapid, sensitive diagnostic COVID-19 test.
- Tips provided to maintain mental wellness: wake up at the same time, shower, get dressed, have meals at normal times. Schedule leisure time, too.
- If you, or someone you know, is feeling helpless or hopeless, please call the Suicide Prevention Lifeline: 1-800-273-8255.
- A grace period was enacted on March 20 for employers that cannot pay their insurance premiums. Insurers must also provide the same rates they would for out-of-network care.

**Planned Activities (next 24 – 72 hours)**

- Continue to increase the amount of staff that are telecommuting.
- Finalize compliance enforcement procedures for the Stay At Home order.
- Train additional staff on contact tracing call follow-up.
- Collaborate with LCEMA, Lake County Commissioners, Lake County Central Purchasing, and Lake County Buildings and Grounds to receive a third push of personal protective equipment from the Strategic National Stockpile (SNS).
