Situation Report #13

Incident COVID-19: 47
Operational Period Dates: 4/1-4/2/2020
Times: 0800-0800

Reporting Unit Planning/Public Information

Form 04/09 ICS-209 Short/Modified

The following reports on activities for the period shown:

Current Situation

- Lake County General Health District (LCGHD) is currently managing 47 COVID-19 cases.
- A 61 year-old male passed away on March 31, 2020, at a Lake County hospital marking Lake County’s third death related to COVID-19.

Critical Issue(s)

- LCGHD does not have medical/other supplies for distribution.

Health District Updates

- Ron Graham met with City of Mentor Economic Development group to discuss business compliance with the Stay at Home order.
- LCGHD has received 480 complaints to date regarding local business compliance to the Stay At Home Order, with 133 complaints being received since March 30, 2020.
- Environmental Health staff were trained on contact tracing call follow-up to support Epidemiology staff.

Governor DeWine’s press conference of March 30, 2020 relayed the following information:

- Lake County is in Hospital Preparedness Region 2, along with Ashtabula, Cuyahoga, Geauga, and Lorain Counties.
- Ohio National Guard Cleveland, Columbus, and Cincinnati have been sent to start addressing structures needed for the anticipated surge to expand the capacity of hospitals, including college dormitories, convention centers, closed hospitals, etc.
- The Ohio Manufacturing Alliance has been established to significantly increase personal protective equipment (PPE). If you are a manufacturer that can create swabs, ventilators, gowns, goggles, etc., please visit repurposingproject.com.
- Ohio Department of Health (ODH) is ramping up its testing capabilities, and will be working in three shifts to address the emergency situation.
- ODH will continue to analyze tests for the most critical patients, including hospitalized and symptomatic healthcare workers.
- Ohio will start using rapid testing as soon as they receive it. Freestanding emergency departments, urgent care centers, free-standing ambulatory surgery centers, and hospital multi-use healthcare facilities that house a lab service will be used.
- An Executive Order was signed for hospitals that do not complete their own testing to send tests to:

Our Mission: Working to prevent disease, promote health, and protect our community
Governor DeWine has been working with United States Department of Agriculture Food and Nutrition Service so the most vulnerable Ohioans can order groceries at home, go to the store to pay, and pick up curbside, where available.

For stores without a mobile point of sale device, SNAP recipients can order online and pick up groceries in the store.

Please complete your census, if you have not done so already.

A Major Presidential Disaster Declaration was announced yesterday that provides grants from the Federal Emergency Management Agency to state and local governments for costs associated with emergency protective measures. It also allows direct federal assistance to local governments, such as support from the Ohio National Guard, and the United States Army Corps of Engineers.

Governor DeWine signed an executive order issuing a plea to lenders and landlords across Ohio to work with their small businesses and suspend payments for at least 90 days.

Lieutenant Governor John Husted is asking customers at essential businesses to keep space between you and others, shop patiently, limit shopping trips, shop alone, when possible, stay home when you’re not feeling well, wash/sanitize your hands before and after shopping, wear a mask and gloves if you can, and shop online for curbside pickup/delivery.

### Planned Activities (next 24 – 72 hours)

- Conduct face-to-face education and compliance meetings on the Stay At Home Order with local businesses.
- Conduct contact tracing, follow-up, and required reporting.
- Transition from a physical COVID-19 hotline to a virtual one to continue to increase the amount of staff that are telecommuting.
