Situation Report #24

The following reports on activities for the period shown:

Current Situation
- Lake County General Health District (LCGHD) is currently managing 127 COVID-19 cases. There have been six deaths (ages 55 to 94) in Lake County as the result of COVID-19 infection.

Health District Updates
- LCGHD continues to enforce the amended stay at home order, operate the Lake County COVID-19 hotline (440-350-2188) and covid19@lcghd.org email inbox, and perform seven day per week contact tracing activities.
- LCGHD has received 793 complaints to date regarding local business compliance to the stay at home order, with 498 complaints being received since March 30, 2020.
- Ron Graham met with Lake County mayors and managers, Lake County Fire Chiefs, and Community Partners about COVID-19 issues.
- LCGHD responded to a media inquiry from WKYC Channel 3 regarding COVID-19 in Lake County long-term care facilities.

Governor DeWine’s press conference of April 16, 2020 relayed the following information:
- John Husted has been tasked with working with the business sector to develop a plan for a gradual return to normalcy, and will no longer be attending these press conferences on a daily basis.
- Where we are today
  - Flattening of the curve is apparent
  - We will be living with COVID-19 until a vaccine is available
  - We need to get the economy back up and running
    - Essential to move toward this gradually now
  - Governors Board of Economic Advisors
    - Comprised of CEOs from many companies
    - Report was received, and plan is a work in progress
    - Best practices for returning to work are being compiled
    - Looking to begin this process on May 1
  - Masks in public will become commonplace
  - Most at-risk during the transition back to normalcy
    - Older adults
Our Mission:  Working to prevent disease, promote health, and protect our community

- Immunocompromised
