**Lake County Weekly COVID-19 Case Rate per 100,000 population**

The graph above summarizes the weekly COVID-19 case rate per 100,000 population for Lake County since the beginning of the pandemic according to county-level transmission rate data reported by the Centers for Disease Control and Prevention (CDC). Data is presented for each Thursday, and provides an “Epi Curve” for context across the entire life of the COVID-19 pandemic.

The following graph depicts the number of COVID-19 Vaccine Doses administered to Lake County residents during each calendar month since COVID-19 vaccines became available in the U.S. Vaccination started refers to individuals who have received the first dose in a series (Pfizer or Moderna) or received one dose of J&J. Vaccination completed refers to individuals who have completed their primary vaccination/series (single dose of J&J or two doses of Pfizer or Moderna vaccines). Those in the completed group are also included in the started group count. Booster or Additional Dose(s) refers to vaccinations received beyond the primary series, including third primary dose for individuals with immunocompromised conditions or any booster doses for either healthy or immunocompromised individuals. Data is obtained from the [ODH Vaccination Dashboard](#) CSV file.

## COVID-19 Deaths by Calendar Year

To date, 913 deaths have been reported among COVID-19 cases who were Lake County residents. For 76 deaths, cause of death was not directly attributed to COVID-19 or has yet to be determined. The subset reported below has been determined to meet the vital statistics criteria outlined in the [Ohio Infectious Disease Control Manual](#) as deaths from COVID-19. Those who do not currently meet the criteria, commonly referred to as “deaths with COVID-19,” are excluded from reported statistics. Note, these statistics are compiled from the Ohio Disease Reporting System, and as of March 2, 2021, may no longer match death numbers reported on the ODH Dashboard, which now uses data exclusively from the Electronic Death Reporting System for COVID-19 deaths.
